

Euro E7

1200 x 800

3-runners plastic pallet with dimensions of an specified EUR-pallet

Access openings, deck level and blocks of the Euro E7 matches the dimensions of an EUR-pallet. This enables this plastic pallet to be used in automatic storage and transport systems that are configured for the handling of wooden pallets. Stopper, light barriers and sensors do not need to be adapted. Steel bars in the deck and the runners of the Euro E7 ensure a secure long-term storage in the high rack. Your advantages: long service life, consistently high quality, hygienic surfaces and a trouble-free and safe performance.

Bottom support **Deck options**

> 3 runners

> open deck (OD)

Steel profile inserts reinforce the runners...

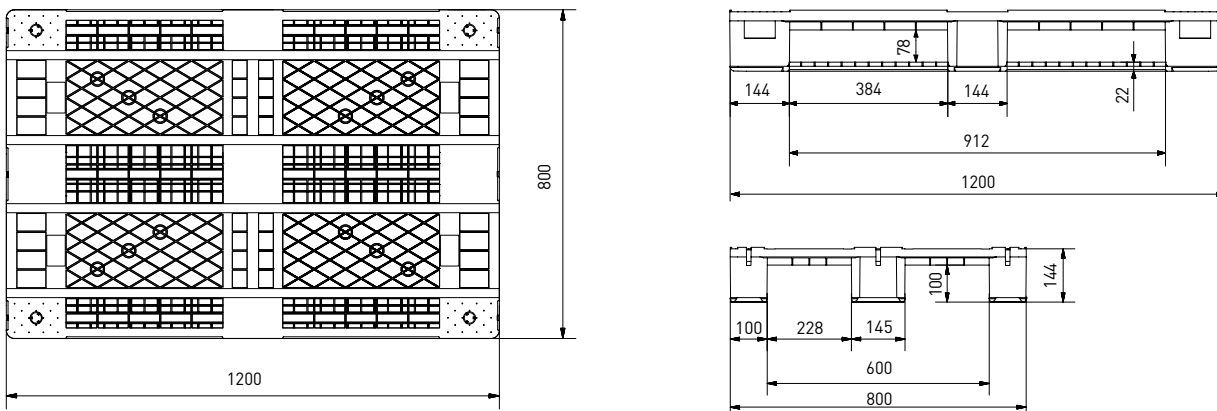

Completely closed runners

*1 Figures can vary depending on the raw material used and options applied. *2 Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. *3 Minimum quantity required - PO pallets should only be used and stored in a dry environment. We reserve the right to change any of the stated information without prior notice.
